

KAKCHING KHUNOU COLLEGE STUDENT'S FEEDBACK AND ACTION TAKEN FOR THE YEAR-2023-24

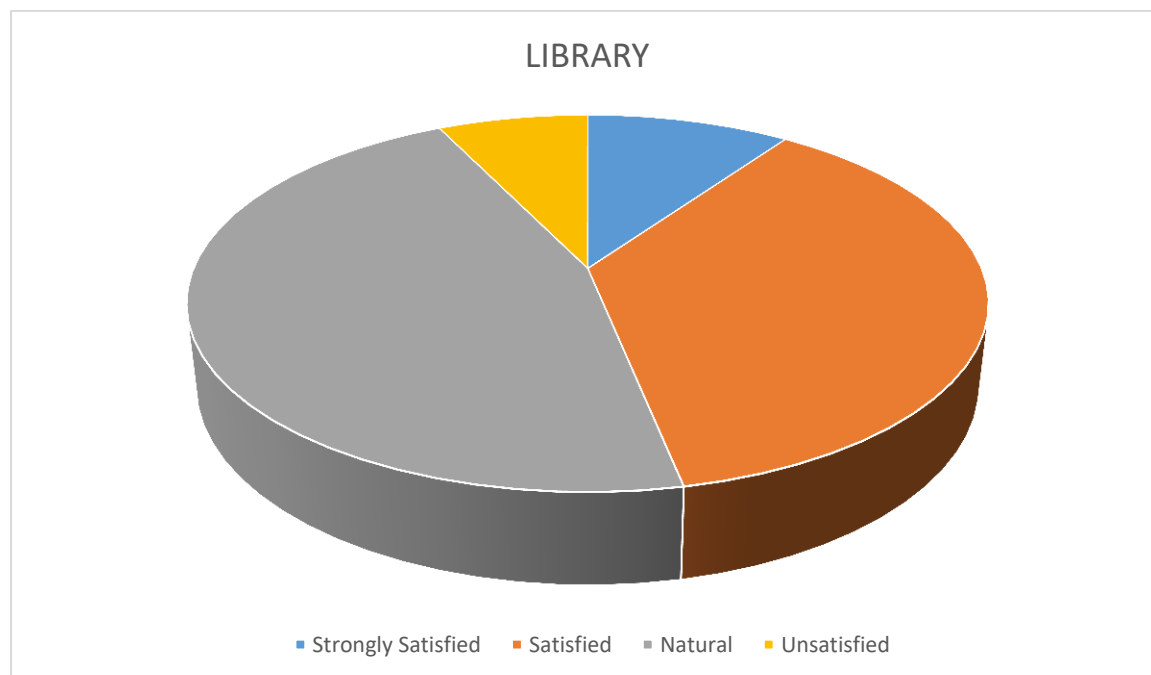

Dated the 27th June,2024

The feedback of students is collected by distributing a Feedback Form among them. This process is conducted exclusively for Final Year Students. The feedback was gathered on 27th June 2023, when the students were present at the College. The Feedback Form consists of 11 parameters: (1) Library Facilities Provided, (2) Laboratory Facilities, (3) Toilet Facilities, (4) Hostel Facilities, (5) Sports Facilities, (6) Extra-Curricular Activities, (7) Classroom Facilities, (8) Drinking Water Facility, (9) Reservation of Seats, (10) Teaching-Learning Facilities, and (11) Activities of NSS. For each parameter, students have four levels of response options: **strongly satisfied**, **satisfied**, **neutral**, and **unsatisfied**. Students freely select and mark their level of satisfaction. After collection, these forms are carefully analyzed in the **IQAC meeting** chaired by the principal of the college. The evaluation of the feedback reveals that student satisfaction is above average across the various parameters. The discussion in the meeting helps in identifying areas for improvement while acknowledging strengths. The feedback serves as a crucial tool for enhancing facilities and overall academic and extracurricular experiences in the institution.
